

DGT North American

ALL-ROUND TOURNAMENT CHESS CLOCK

Timer

2

Developed in cooperation with the
United States Chess Federation

Product highlights

The DGT North American was developed in cooperation with the United States Chess Federation to comply with USCF regulations. It has 21 pre-programmed settings for all popular timing methods.

The delay option in the DGT North American is according to US custom and does not strictly comply with FIDE regulations. All other options are according to FIDE regulations.

All pre-set timing options can also be set manually and the manual settings are stored in the clock's memory. The DGT North American is a great all-round chess clock that is easy to program, with multiple periods in all modes, smooth lever operation, optional buzzer and player colour indication. Time and move counter corrections are possible during the game.
